

# DAC® Ergonomic Accessories for Workstations

IMPROVED PRODUCTIVITY FROM GREATER COMFORT

IS YOUR WORKSPACE AS COMFORTABLE AS IT CAN BE?

This information is provided as a general guide.  
It is recommended that you seek professional advice from an Ergonomist or Occupational Therapist.

## Raise your monitor or laptop to reduce neck and shoulder strain

### Monitor Risers

Adjustable height risers raise your screen to the correct height. Work well with laptop when you use a wireless keyboard. New versions offer a 2 port USB Charging Hub built into one of the riser blocks - allows you to choose your most convenient position. Store your keyboard underneath the UltraWide versions when not in use. Each hold up to 66lbs, 30% recycled content.
